

From F-ZERO, to A-HERO

ACT II

LEVEL 4-A: MUTE CITY SKYLINE

OPENING

Opens with a black screen with space jet noises in the background.

ROB

Sir I appreciate your enthusiasm to return to work but,
if you wanted to relearn the Falcon Flyer-

EXT. MUTE CITY SKYLINE

Cut to reveal the Falcon Flyer, a space jet in the shape of a bird, flying through the city and bouncing off sky scrapers like a pinball

ROB

SHOULDN'T YOU BE USING THE SIMULATOR!?

The Flyer Crashes into a flying car.
the Flyer is undamaged but the car is knocked out of the way
and explodes into a fireball.

KENT

Rob, lemme lay some wisdom on ya-

Crashes through some floating signs

KENT

Anyone can just pop on Flight Simulator and CALL themselves a pilot-

Flies through a flock of birds

KENT

But REAL Pilots earn their wings ON THE FIELD!

Crashes through an apartment building and burst out the other side

KENT

It would be like using a stationary bike and calling yourself a cyclist!

ROB

That's an illogical metaphor! Bikes don't travel 600mph or fly!
At this altitude, if you 'fall off' said bike you'd face imamate death!

Slices through a flying bus

ROB

Also BIKES DON'T KILL PEOPLE!

KENT

They can where I'm from!

Goes through a bill board

KENT

Besides this puppy can handle it.

ROB

Sir there's a 45% chance you'll attract the authorities and 99.8% you're gonna kill someone!

KENT

...wait why's that first one so low??

Crashes into a floating green house and comes out the other side.

KENT

Ok Ok I'll go higher.

Dips low off screen at first making crashing sounds,
debris flying everywhere, then slowly rises back up.

KENT

See Rob? Despite your statistics I don't think we killed anyone.

ROB

What about crippling them?

KENT

Hey No Fair! You didn't list those stats.

Police drones circle around the falcon flyer.

ROB

Sir I believe this is a prime opportunity to practice slowing down and landing.

KENT

No, this is prime opportunity to practice SPEEDING UP AND WEAPONS!

ROB

WHY??

At first accidentally slows down crashes into the rear drones
but then speeds up and crashes through the front drones.
Manages to fire the front laser cannon taking down a drone.

KENT

GOT IT, IM GOING IN HOT!

ROB

BUT YOU HAVEN'T TURNED THE SHIELDS ON!

KENT

NO TIME!

Exit to gameplay

Level Description: This is the first of many space-shooting segments which would play like Gradius, where you fly around in the Falcon Flyer in 2D shooting down waves of enemies.

MID SECTION EVENT

KENT

Whew, we made it!

ROB

Somehow.

KENT

How much damage did we sustain?

ROB

Well without the shields it is...

Does a 1 second scan

ROB

Incomprehensible.

KENT

Well nothing you can't fix right?

Does another scan.

ROB

(Sigh), correct.

KENT

Then we got nothing to worry about!

ROB

Well I do, such as the giant airship we're about to crash into!

KENT

WHOA!

Hastily steers out of the way of the giant ship.

KENT

HEY WATCH WHERE YA FLYING, IDIOT!

ARROW

I should be saying the same to you villainous cur!

KENT

That eccentric voice, that gaudy airship... Super Arrow? Is that you??

ARROW

CORRECT! My not-so-little air traffic violator!
Wait, the Phallic looking ship, Falcon is that you?

KENT

I'm flattered, but no. You're talking to the NEW & IMPROVED CAPTAIN FALCON!

ARROW

Oh great, more cosplayers.

KENT

WHAT? How many Cosplayers can afford a space fighter like this??

ARROW

You'd be surprised. Some people have too much time and money on their hands.
But speaking of wasting time, I've been inquired by the police to-

KENT

Dude, you're like 60 now! Don't you have a job or wife that's more important?

ARROW

JUSTICE is a job that is never ending and deserves no rest!

KENT

So, no to the job, and your wife left you?

ARROW

IRRELEVANT!

...But no, we're still happily married.

KENT

Then where is your one woman cheer-leading squad?

ARROW

I'll have you know she's having a VERY successful career as a Hollywood Producer.

KENT

Oh, well glad to see SOMEONE is still the bread winner-

ARROW

AS I WAS SAYING!

I've been inquired by the police to aid in your arrest for the vandalism against their valuable property!

KENT

So they're not after me because of the property damage or pedestrian hitting,
but for damaging their police drones??

ARROW

Oh um.. well, THEY ARE NOW!

KENT

Aww crap.

ARROW

Surrender now Or I will have to use deadly force!

KENT

You'll have to catch me first!

Accidently shoots some missiles.

KENT

Oops

ROB

Those weren't the brakes sir.

KENT

THEN WHY IS IT NEXT TO THE GAS!?

ARROW

Deadly Force it is then!

PREPARED TO BE SUCCUMBED NIER-DOWELL!

Exit to gameplay,

(defeat the Boss)

ENDING

The Arrow Head begins exploding.

ARROW

My Arrow Head! This isn't over Captain Fraudulent!

You'll here from my insurance company!

KENT

Hah! Jokes on you, I DON'T HAVE INSURANCE!

.....wait.

The Arrow Head explodes.

Super Arrow is sent flying out of the cockpit Team-Rocket Style.

ARROW

LOOKS LIKE SUPER ARROW'S FLYING OFF AGIIIAAaaaaaannn.

Twinkle.

KENT

WHOOOOOOOOH! OH YEAH! Today's been a great day!
I survived my first test flight, I outran the popo, and check it Rob, I still got plenty of fuel left over!

ROB

...Sir you're pointing at the shield gauge.

KENT

What?

ROB

The Shield gauge.
Which, because you neglected to use them, is still rather full.
THAT is the fuel gauge.

KENT

...The one with the obnoxious blinking red light that says empty?

ROB

Yes.

The ship stops mid air

ROB

That one.

KENT

...Oh.

Drops like a brick.

LEVEL 4-B: GREEN PLANT

OPENING

EXT. Upper Atmosphere

The ship is rapidly hurdling down towards earth, having been completely drained of fuel. Rob is retaining his stoic robotic voice even though he's panicking

ROB

NOW CAN I SUGGEST LEARNING HOW TO LAND??

KENT

I GOT DIS!

ROB

Sir, it was a pleasure serving you, up until a couple days ago.

KENT

I SAID I GOT DIS!

ROB

There's still So much I haven't done in my life!
I never got to tell the Smart TV at the nest that I love her!

KENT

I thought robots where incapable of love!

ROB

That's racist!

The ship pulls it's nose up slightly and crashes through the dome of a Green Plant, floating domed structures that house forests and jungles as a means to produce extra oxygen for the planet's population.

The ship slices through tress but is eventually slowed to a stop as it scrapes across the ground.

KENT

Another happy landing from Falcon Flyer airlines, right Rob?

ROB

I leaked myself.

Falcon steps out to inspect the damage,
the ship is all banged up and smoking.

KENT

Eh, it aint so bad! Nothing we can't buff out on a weekend. Rob, guard the ship while I find
someone to tow it outta here.

ROB

There's barely a ship left to salvage let alone tow!!

KENT

Oh you're just being melodramatic!

Exit to gameplay

Level Description: This is the first level that ups the ante in terms of difficulty, the level is designed to pit all the players skills learned so far to the test. Plat-forming, Attacking, Defending, and utilization of special moves. Also the level is only half long as previous ones, but is laid-out to be traversed both forward and backwards since there's going to be back tracking half way.

The very first enemy they encounter is a monkey in a yellow vest.

MID SECTION EVENT 1

EXT: MUTE CITY

Kent is waving a cellphone in the air attempting to get a signal.

KENT

Ahh, finally out, and I GOT A SIGNAL!

Not too far off he see's police officer,
JODY SUMMER, interrogating two people.

KENT

Wait, is that Officer Jody Summer?
IS OFFICER JODY SUMMER GETTING ATTACKED?
HOLD ON OFFICER JODY SUMMER!

Leaps into the air and as he comes down does a Falcon kick
across their faces knocking them out as he sticks the landing.

KENT

OFFICER JODY SUMMER! HAVE YOU BEEN HARMED?

JODY

No... In fact I was perfectly fine writing these kids a ticket for littering before you knocked them out!

KENT

LITTERING!?! THE MOST HEINOUS OF CRIMES!

JODY

Look, you have exactly 15 seconds to explain yourself while I charge you with assault and battering.

She starts writing up a ticket.

KENT

Umm, hello? Can't you tell who I am?

JODY

A cosplayer with way too much time and money on their hands?

KENT

Why does everyone keep saying that!? Is there a convention in town this week?

JODY

Look, I don't have time to keep dealing with people like you, so you need too—

Her walkie starts going off

JODY

Ughh hold on,

Talks into the walkie

JODY

Jody to base.

...No I haven't found Billy yet, though I'm in the general vicinity.

...He's smarter than he looks ok?

...Look, if you think it's easy finding a monkey in a yellow suite then you can either send someone else, or do it yourself!

Kent thinks to himself

KENT

(maybe if I bring this Billy thing back, Officer Jody Summer will drop the charges)

Exit to gameplay

(Player has to backtrack through the level until they found the spot they knocked out Billy)

MID SECTION EVENT 2

EXT: GREEN PLANT JUNGLE

Kent manages to find the monkey, still unconscious.

KENT

Oh perfect, right where I left ya.

Several other, non yellow monkey enemies swarm the area.

KENT

OH COME ON!!

Exit to gameplay

Survive the enemy rush.

LEVEL COMPLETE, END

LEVEL 5: PORT TOWN

OPENING

INT. Falcon Nest

KENT

Now that my Hero-ness is at a suitable level, I think it's time we took the fight to Dark Million!

ROB

"Hero-ness?" Sir all you've done was drive the flyer for an hour before crashing it and returning an unconscious monkey you beaten up.

KENT

JUSTICE JOGS BUT EVIL SPRINTS ROB!

We can't waste any more time, now hit me up with that intel!

ROB

(Sigh) From what I've gathered, Black Shadow has organized Dark Million as a gang with 4 leading capos:

Bio Rex, Zoda, the Skull, and Antonio Gustov

It's safe to assume that if we eliminate these leaders quickly, plus Black Shadow himself while the Organization is still young, the power structure will collapse on itself thus eliminating it as a threat. The complication is that no one knows the exact whereabouts of any of them.

However additional data and speculation suggests that the group is somehow connected to Don Genei's underground empire. It's possible he's the only one to know of at least one of their locations. Requesting an audience with him however is next to impossible, and his abodes are always surrounded by military grade security making a kidnapping or straightforward interrogation next to impossible.

However he's recently placed a noticeably large bounty on Baba, for organizing a sizable protest against his organizations which are disrupting his flow of business. If we can capture Baba on his behalf, then perhaps he'll offer us an audience as a sign of gratitude allowing us to safely extract the information we need.

KENT

....Could you repeat all that? I spaced out.

Rob shows as much frustration as a robot can possibly display.

ROB

STEP ONE: CAPTURE BABA.

KENT
Alright!

Does a backflip into the Blue Falcon,
starts her up and blasts through the front walls of the nest.

Rob stands there waiting a moment.
The Blue Falcon Crashes through the opposite walls back into the nest.

KENT
By the way, where's Baba?

ROB
In Port Town.

KENT
Oh so I WAS going the right direction!

Zips backwards out the hole he just made.

EXT. Port Town Highway

First shot is the Captain in the cockpit of the Blue Falcon making a voice recording.

KENT
Captains Log: Star date, Tuesday!
I'm in Hot Pursuit of our first lead in my war against Dark Million. I will deliver Justice to their
front door with an express 2-day shipping and non-refundable package of PAIN!

POLICE DRONES
THIS IS THE POLICE! PULL OVER!

KENT
End recording.

Cuts to the outside showing 3 cops cars in pursuit,
the falcon itself is out of frame.

KENT
Holy Crap, why do they have 3 cops on a speeding case?
Why weren't they this active yesterday?

ROB-16
Sir I believe It's because you're speeding-

WHILE IN REVERSE!

KENT

Oh come on I've been driving like this for 20minutes and NOW they do something??
Look guys I'm kinda in a hurry-

ROB-16

You will reach your destination in 5 minutes

KENT

But if you want me to stop the car... HERE YA GO

Opens the lid and backflips out of it landing on a car in front of him, the Falcon slows down causing the other cops to spin out trying to dodge it and crashing into each other.

Exit to Gameplay

Level Description: The Captain is getting pursued by the police the entire level. If the police catch him the game is an instant game over so he has to constantly be ahead of them. The level takes place on top of cars on a speeding highway, which eventually goes into the air, so if he touches the ground it's an instant death. Enemies are only there to attempt to slow the player down/distract, the goal is to reach the goal fast enough so you don't get caught by the popo.

MID SECTION EVENT

INT: PORT TOWN BAR

Baba is an eccentric hippie man in purple tights and a tiger patterned vest In the middle of a dingy bar on a literal soapbox, ranting and raving about fighting the corrupted corporate power. There's few patrons in the bar though and none of them are listening to him.

The Blue Falcon crashes through the left wall,
Flinging everyone on that side across the room and knocking Baba off his box.

KENT

Baba! I'm your Uber driver tonight here to bring you to your appointment with Don Genie!

Another vehicle crashes in from the right wall of the bar, knocking down the remaining patrons. A kid close to Kent's age emerges from the vehicle wearing a pilot's helmet, a samurai sword strapped to his back & wooden sandals.

DAI

Baba! I'm your uber driver tonight here to—

Wait who are you?

KENT

I should be asking YOU that! Everyone knows who I AM!

DAI

Oh please, all I see is some no-name nobody in a—

KENT

I swear to god, if you say it's a Captain Falcon Cosplay,
I'm gonna Falcon Punch you in the nuts!

DAI

A lot of talk from a no-name scrub.

Said Dai as he heads towards Baba.

KENT

Hey! Where ya going?

DAI

To claim my bounty of course!

KENT

Um, NO. I was here first!
Therefore, I should be the one to claim him!

Dai, with his back facing Kent, ties Baba up and slings him over his shoulder.

KENT

But if you want him THAT badley, you'll have to go through me first!

Dai walks back to his F-zero Racer, Kent zips back in front of him.

KENT

STOP IGNORING ME!

DAI

You're still here?

KENT

I'm still here?? Yes, I AM!!

Kent Falcon Punches Dai's car, disintegrating it.

KENT

But your car aint!

DAI

If I kill you, will you leave me alone?

KENT

I will not make any promises!

DAI

THAT WAS A RETORACLE QUESTION!

KENT

What does any of this have to do with rectangles?

DAI

...I'm so done with this.

But before I kill you, you should know:

The name's Dai-

Dai Goroh

KENT

I thought Samurai Goroh was still alive.

DAI

No not Die, Dai! Spelt with an A!

KENT

I'm pretty sure it's spelled with a D.

CUT TO GAMEPLAY

(beat the Boss, Dai Goroh)

ENDING

KENT

What's the matter Dai? Where'd all that talk go? Let me guess; you're gonna say that this was a flub cuz you underestimated me, but The next time we meet, I won't be so lucky? Or you gonna say, I'll meet my match? Or that you WILL beat me no matter what?

DAI
.....Fuck You.

Throws a smoke grenade and disappears.

KENT
Wait, don't go! I got more Cliché lines for you!

Notices Baba trying to sneak his way out the front door behind him

KENT
And where do you think YOU'RE going?
You're staying right....

Clicks a button on his helmet,
Baba reels back as if expecting an explosion from the front, but nothing happens.

KENT
Give it a moment

Nothing still happens.

Then the Blue Falcon crashes through the ceiling on top of Baba.

KENT
There we go!

LEVEL 6: CASINO PALACE

EXT. Showing off the exterior of the Casino Palace Hotel and resort, which is almost as big as an entire city. Voice overs of Rob & Kent speak over the scenery.

ROB

Excellent Captain, you've infiltrated Casino Palace master suite without incident.

KENT

This whole thing just might go off without a hitch.

ROB

You say that as if it's a bad thing

KENT

Cuz that's boring!

ROB

Sigh...

INT: DON GENIE MASTER SUITE

Everything in the Don's office is made of gold or decorated in gold paint. The Don himself is a man in a vertical striped suit that doesn't even attempt to contain his Jupiter sized gut. He's sitting behind his desk visibly bored as he addresses his butler Stiney.

DON GENIE

Uuuughh... man I didn't think being disgustingly wealthy could get so dull. Stiney, what are other rich people doing these days?

STINEY

Well sir there's always buying a sports team for lucrative amounts only to never do anything with them.

DON GENIE

Ehh, not big on sports

STINEY

Then that also marks off golf. There's bulldozing over Native property to build private condos, buying up world changing technologies and sitting on them so no one else can use them, getting into twitter beefs with political leaders-

DON GENIE

Look Stiney, just because I HAPPEN to run an illegal underground side business, doesn't make me an asshole!

STINEY

How about buying a giant mech suite?

DON GENIE

Already did that.

Ya know, maybe all this money isn't going to bring me the happiness I wanted. Maybe I'll just give it all away. Maybe fund public schools to deliver better education, or provide jobs by building better housing in impoverished areas, or building a reservation for endangered wildlife. Maybe I should talk to those protesters and see from their viewpoint-

STINEY

Speaking of which, Falcon has brought the Baba bounty in for you and wishes to speak—

DON GENIE

WHAT!? FALCON!? WHATS HE DOING HERE??

Whips up a microphone that transmits his message across his entire suite .

DON GENIE

Attention death squadron! The guy who brings me Falcon's Head gets my ENTIRE FORTUNE! GO!
... Stiney, how much would a LIFE squad cost?

Back downstairs the front doors closes and a metal blast door shuts over it as an alarm is sounding off.

ROB

Sir why is the alarm going off?

KENT

Hey I didn't do anything but walk through the front door.

ROB

You're not wearing your outfit are you?

Pan over to Kent who is still in the Captain Falcon outfit.

KENT

Of course I am, is that even a question?

ROB

WHHHYYYY!?

KENT

Villians Hide Behind Cowardice, But the Righteous Ride High In The Skies Of Courage!

ROB

You wear a mask.

KENT

I'LL GLADLEY IT OFF IF THEY ASK ME!

ROB

Don't you have friends or family they could threaten?

KENT

NOPE!

THE PRICE OF PATHETIC LONELINESS IS THE TOLL PRICE OF TRAVERSING THE FREEWAY TO
HERODOME!

ROB

I'm pretty sure that's not the reason why you have no friends.

EXIT TO GAMEPLAY

Level Description: A level structured similarly to a 'Tower of Death'. Each floor has a room where Falcon has to face a small enemy rush that introduces a new kind of enemy type. Between each room are platforming/side scrolling segments that use that new enemy type. There are 6 Floors and 5 rooms inn all.

MID SECTION EVENT

Kent reaches the front doors of the Don's office, which is ludicrously tall enough for a semi-truck to drive through. At first he tries shoulder bashing it open, then kicking it down until finally Falcon Punching it down shouting:

KENT

FALCON, KNOCK!!!

The doors fly over Don's desk and bust a hole in the of the back room

revealing the Casino cityscape, The Don is cowering behind his desk.

DON GENIE

That was way more than a knock.

Dashes right into Don's face and grabs him by the collar.

KENT

Where is Dark Million hiding out at?

DON GENIE

Wait, now that I get a closer look at you, YOU'R NOT FALCON!

KENT

...You're seriously gonna do this now? While I tangle you over a cliff?

DON GENIE

I mean, it aint that big of a drop.

KENT

We are ATLEAST 20 STORIES HIGH!

DON GENIE

So? More time to stick the landing.

KENT

ACTING TOUGH AINT GONNA SAVE YOU THIS TIME DON!

DON GENIE

Go ahead then, DROP ME! THEN YOU WON'T GET ANY ANSWERS!

KENT

Actually now that I think about it I could easily just snoop through your desktop right there.

DON GENIE

WAIT NO! FINE! I'LL TELL YA EVERYTHING!

Lets go,

Casually goes over to the desk whistling blissfully as Don's screams can still be heard outside and continue to be heard through the rest of the scene.

KENT

Aww crap he has a password.

Ummm... Password.

Computer bleeps indicating wrong answer

KENT

Damn it.
Maybe it's,
password.

Computer bleeps

KENT

D'oh!
PASSWORD!

Computer bleeps

KENT

Aaauurrrghh! Clearly this man is an evil mastermind!
But he can't fool me! I got him figured out!
It's so obviously
Pass_Word!

Computer bleeps

KENT

DAAAAHHHH!!

COMPUTER

You have been locked out, you may retry after you destroy the giant death robot.

A giant mech crashes through the ceiling and points it 10 guns all at Kent.

KENT

Man I always hated this part.

EXIT TO GAMEPLAY

Defeat the boss

ENDING

Once the boss is defeated the mech begins exploding, Kent leaps above it and Falcon Punches it through the floor, the power of the punch sends it through the floor, and it crashes through the

rest of the 100 floors of the suite until exploding in the basement collapsing the entire building in a giant flaming mushroom cloud.

The Falcon Flyer zooms into the foreground outrunning the blast.

ROB

Sir why did you bring his entire computer in here?

KENT

Cuz I got locked out again.

ROB

HOW DID YOU FAIL 4 TIMES IN 5 SECONDS!?

KENT

I'm a certified master at guessing wrong.

ROB

That explains so much about you.

KENT

Ok ok I REALLY nailed it down this time!

ROB

You sure you don't want me to do it sir?

KENT

HUSH Rob, the master is pondering. Clearly his password must be...
Pass-Word!

Computer bleeps

KENT

DAAAAAAAAAHHHH DON
YOU INSIDIOUS BASTARD!

LEVEL 7-A: FIRE FIELD

KENT

Ok it's gotta be, PASS word

Computer Bleeps

KENT

Uuuughhhh

COMPUTER

You have been locked out,
you may try again after defeating the giant death robot

The ship rocks around

KENT

DO THESE EVER RUN OUT??

Kicks the giant mech out of the Flyer

ROB

Sir you don't need to bother! We're already here!

KENT

Where?

ROB

Planet Fire Field, The location of Bio Rex as discerned by Don's computer.

KENT

What? But I haven't—

ROB

I hacked a backdoor while you were stuck on the password screen.

KENT

WELL WHY DIDN'T YOU TELL ME?

ROB

You told me to hush.

KENT

NOT FOR IMPORTANT THINGS!

ROB

You should've specified that.

Cut to gameplay

Complete shooting section

ENDING

KENT

Hah! Nailed it! We survived the welcoming party, AND I figured out Don's password!

ROB

Do I still even want to know what it is?

KENT

It was so simple all along! After 2116 tries I should've known that it would be
PAss-wORD

Robs eyes start twitching and his head is short circuiting.

ROB

...My god, so this is what hatred feels like?
How do you humans deal with such burning agony?

KENT

By punching everything of course!

ROB

Really now?

Rob kicks Kent out of the flyer and into the volcano they're flying over.

ROB

...No, I still don't feel any better.

LEVEL 7A: FIRE FIELD

Immediately cut into gameplay.

A regular level, except because of the extreme heat of the planet, your health will constantly be draining, even when you're getting hit.

Boss: Bio Rex

ENDING

KENT

Allright Bio Rex, TALK! WHERE ARE THE OTHERS!?

REX

Blaaarg!

KENT

Oh right I can't speak Dino.

Yo Rob?

ROB

What?

KENT

Can you speak Dino?

ROB

...That would suggest I could understand the communication of animals.

KENT

...Well can't you?

ROB

NO!

KENT

Well what am I suppose to do? I can't interrogate him!

ROB

Wouldn't it be easier to check the ship computer instead?

KENT

Yeah but wouldn't that get repetitive after awhile?

ROB

SIR!

KENT

Fine. But this is the last time I'm doing it!

Throws Bio Rex in the lava,
Rex screams in agony as his flesh melts from his bone, but Kent meanwhile hums a tune while searching the ship parked in the background.

KENT

Doodedoodedooo. AHA!

Walks out of the ship,

KENT

Welp, I got everything I need, time to make an appropriately explosive exit.
Falcon... PUUUUUUUUUUNCCHHH!

Falcon Punches the floor causing the volcano to erupt, lifting the platform high into the sky where the Flyer catches him.

END

BONUS CLIP: Captain Matchmaker

INT: PIT STOP, F-ZERO EMPORIUM SHOP

It is late at night and Kent is sweeping cleaning up the shop during closing hours, when Doug walks through the back entrance.

DOUG

Hey, I'm back!

KENT

Yo boss! You seem like you're in a good mood, guessing the date went great?

DOUG

Well, I suppose it had gone well as it possibly could've.

KENT

C'mon boss, just admit it, you love this woman! You guys get along, you're in the same profession, you've been dating forever now, it's ok to admit it.

DOUG

First off, I wouldn't exactly call 3 weeks forever.
Second, yes I do like her a lot, it still just feels... off.

KENT

Off?

DOUG

Yes... not sure how else to describe it.

KENT

...maybe you're finding out you root for the other team?

DOUG

No.

KENT

Now boss there's no shame in making discoveries like this late in life.

DOUG

NO.

KENT

Though you did spend half your life running around in skin tight spandex.

You'd think that be a give away.

DOUG

DAMMIT KID I'M NOT GAY! It's her age!
She's literally half as old as I am and it just feels, strange dating someone that young.

KENT

Dude she's in her 30's. Once you get past the mid-20's age shouldn't really matter anymore.

DOUG

Maybe it doesn't to you young folks, but once you get to my point and it feels like you're dating someone who should be your daughter, it does.

KENT

But you never had a daughter and never will so,

DOUG

That doesn't mean she may want one.

KENT

She's in her 30's and still an active bounty hunter. I'm pretty sure the whole family agenda is out of her life plan.

DOUG

You never know in this crazy world with artificial insemination, surrogate parents and test tube babies.

KENT

Look, I think you're over-thinking this, you like her and she's good for you.

Remains silent as he heads upstairs to his apartment.

KENT

But if it really bothers you THAT much, I could always don the ol' Falcon suite and swap in your place--

DOUG

Absolutely not.

KENT

Hah! That proves it, you care about her enough to not let go!

DOUG

Hmph, no it's really for your sake. She'd break you in half.

KENT

Wait, what's that suppose to mean?

Says nothing but has a smirk on his face.
